Box Patent Application  
Assistant Commissioner for Patents  
Washington, D.C. 20231

RECEIVED

TECHNOLOGY CENTER R3700

Sir:

Pursuant to 37 C.F.R. § 1.48(b), the Applicants and Assignee, via the undersigned attorney, hereby request that inventorship of the present application be corrected to name **fewer** inventors due to the preliminary amendment cancelling original claims 1-58, and adding new claims 59-86 directed to a single disclosed embodiment of bone implant. Specifically, please amend the inventorship of this application by **deleting** the names of the following previously named inventors:

- 1) Loic Josse of Palais FRANCE; and
- 2) Lawrence M. Boyd, of Memphis TN;

both of whom were named in USSN 09/701,993 as a result of a preliminary amendment; and

- 1) Jamie M. Grooms of Alachua FL; and
- 2) David H. Dulebohn of Naples FL;

both of whom are named on the face of PCT/US98/17769 (WO 99/09914) but were later deleted as a result of a preliminary amendment.

Pursuant to 37 C.F.R. § 1.48(b), the undersigned attorney acknowledges that the invention of the deleted inventors is no longer being claimed in this non-provisional application. The invention currently being claimed, via the Preliminary Amendment, is the invention of the **two** co-inventors, Tom Sander and Kevin C. Carter, who are named inventors in the originally filed parent application, USSN 09/701,933, formerly PCT/US98/17769 filed 08/27/98, and named in the grandparent application USSN 08/920,630. Thus, the inventorship of the present application should be amended to read as follows:

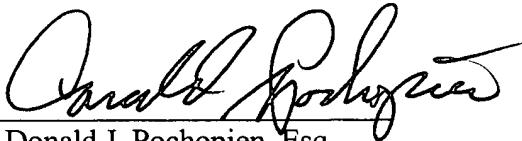

- 1) Tom Sander  
1 Innovation Drive  
Alachua FL 32615 USA  
Citizenship: USA
- 2) Kevin C. Carter  
8502 N.W. 35th Road  
Gainesville FL 32606  
Citizenship: USA

This request is accompanied by a check in the amount of \$130.00 to cover the processing fee under 37 C.F.R. § 1.17(i).

For all these reasons, the new claims have been properly assigned inventorship.

Respectfully submitted,

**McANDREWS, HELD & MALLOY, LTD.**
